Curriculum Vitae

Stanislav Raskumandrin   +381603814234, https://t.me/raskumas, raskumas@icloud.com

Objective

I have accrued 17 years of experience working with Perl and nearly 19 years of proficiency in SQL, both of which I have a genuine passion for. My expertise extends beyond coding as I actively engage with my team and consumers to create and maintain information systems. Additionally, I stay vigilant in monitoring emerging trends relevant to my field of expertise.

Soft Skills

In my role as Team Lead for a team of five developers within an agile framework, I have excelled in time management, ensuring efficient project delivery and resource allocation. My strong conflict resolution and negotiation skills have facilitated smooth team dynamics and stakeholder communication, resulting in effective problem-solving and consensus building. Additionally, my meticulous documentation practices have contributed to enhanced project clarity and knowledge sharing, fostering a more organized and collaborative work environment.

Tech Experience
